STEP 3: CHOOSE A FONT

Visit www.engraving.rocks to see available fonts. These are fonts we have picked because we know they work well with our process for engraving.

STEP 4: DESIGN

Call or email using the contact information below to let us know your graphic and font choices. Then, you will receive a proof showing what your sign will look like. We will provide one revision for free, and additional revisions are a minimum of \$10.

STEP 5: ORDER COMPLETE

After about 3-4 weeks from the time your design is approved you will be notified that your sign is ready for pick-up, or we can also schedule delivery for an additional charge.

*LARGER SIZES

Signs larger than our 4XL size are available (we have worked with stones up to 45,000 lbs.), and are usually estimated at \$125 per square foot of the face of the stone up to 24 square feet. Signs over 24 square feet have a minimum of \$500 added to the price to account for the extra stone preparation and cost of the stone. Delivery and placement of large signs starts at \$500.
